

WEATHER

Fair tonight and Saturday;
light westerly winds.

WET AND DRY FORCES IN HOT BATTLE

CALL ISSUED FOR MEET OF OLD GUARD

Conservative Badger Republicans Meet Here
July 14

MOISE MAY PRESIDE

Kreutzer Also Mentioned for Chairmanship of Meeting

The official call for the conservative republican conference to be held here July 14, was issued today by an executive committee headed by Roy L. Morse of Fond du Lac.

The committee asks for the generous co-operation of republicans throughout the state in order that the conference may be said to fairly represent the republican thought on national and state questions," says the call.

It is probably that the conference will be held in the university gymnasium. Either R. L. Morse of Fond du Lac or Andrew Kreutzer of Wisconsin will probably be chosen as chairman. Following is the call:

At a meeting of republicans recently held in Madison, it was decided that a general conference of republicans be called to meet at the gymnasium, Madison, 2 p. m., July 14.

The men whose names are attached to this call were selected, as a committee to arrange the details of the conference and give the necessary notice to the republicans of the state.

The purpose of the conference is to discuss the nominations made by the national republican convention for the national republican platform, to adopt a state platform and to elect a candidate for governor and to perfect an organization in support of the republican national and state tickets.

We deeply regret that the people cannot themselves select these delegates at an election provided by law, however, inasmuch as the law makes no such provision the calling of a voluntary conference is the only system under which a party gathering can be held.

Each county will be advised of the number of delegates allotted, which will be based upon the number of republican votes cast at the last general election.

The committee asks for the generous co-operation of republicans throughout the state in order that the conference may be said to fairly represent the republican thought on national and state questions.

This conference is not called in the interest of any person who is now or may wish to be a candidate for a state office. The delegates to the conference will be free to give their approval to any candidate who may appeal to them as the most desirable person to meet the present political situation and the services to the state required of him.

Signed:
Executive committee: Roy L. Morse, Fond du Lac; James Clarke, Madison; Andrew Kreutzer, Wausau; John Klingler, Milwaukee; Peter Yorke, La Crosse; R. J. White, Milwaukee; Frank Durham, Neenah; Charles Wiswell, Elkhorn; Chester D. Barnes, Kenosha; Samuel Howard Cady, Green Bay; Dr. R. M. Caples, Waukesha; John Ganser, Medford; George H. Gordon, La Crosse; Wm. R. Graves, Prairie du Chien; Spencer Haven, Hudson; George B. Hudson, Milwaukee; Frank Johnson, Darby; J. T. Joyce, Eau Claire; Walter Palmer, Racine; J. B. Peterson, Racine; Fred Schroeder, Milwaukee; Max Sals, Florence; Fred Sugden, Racine; Frank Sensenbrenner, Neenah; Judge James Thomas, Waukesha; John C. Thompson, Oshkosh; Sidney P. Russell, Madison.

A large bonus to Irish flax growers will have, it is believed, the effect of greatly increasing the acreage devoted to flax raising in Erin.

Alaska national forests contain 100,000,000 cords of timber suitable for making newsprint.

WEATHER

The highest temperature during the past 24 hours was 80 at 4 p. m. and the lowest was 68 at 5 a. m. Precipitation was .14. Sun sets at 7:42.

Showers and thunderstorms occurred in the Mississippi, Ohio and Missouri valleys Thursday. The area of unsettled weather is moving eastward and is followed by generally fair weather in the west. It is warmer in the lake regions and in the plateau regions and cooler in the lower Ohio valley. Not much change elsewhere.

Roosevelt Out For Davies For Vice-President

Franklin D. Roosevelt

SAN FRANCISCO—Franklin D. Roosevelt, himself considered a possibility for the nomination for vice president, is out for Joseph E. Davies of Wisconsin as a candidate for vice president.

Roosevelt declares Davies has a great record, is well known in the party circles throughout the country and could poll a big vote, especially in the western states, where the battle will be fought out.

Davies' candidacy developed many inquiries yesterday and today as to his strength in his own delegation. Joseph E. Martin, national committee member from Wisconsin, and John P. Hume, chairman of the democratic state central committee, have issued statements to the effect that Davies will have the Badger delegation vote.

NEW PASTOR TO COME TO CITY

Lutheran League Votes to Replace Rev. N. D. Goehring

(By the Associated Press)
OSHKOSH—At the closing session of the twenty-second annual convention of the Lutheran League of Wisconsin, the constitution written 25 years ago was revised.

It is expected the 1921 gathering of the league will take place at Lake Park Lutheran church at Milwaukee.

A resolution was adopted endorsing the work of Rev. N. D. Goehring, former president of the league, who has resigned from pastoral duty connected with the University of Wisconsin to take the Lutheran league vote to raise \$250 or more for mission work by the Lutheran Inter-synodal Ancient Mission society which is active among the Kurds in Persia.

W. C. T. U. HOLDS REGIONAL MEETS

Regional conferences on Woman's Work will be conducted in different sections of the state during July under the auspices of the W. C. T. U.

Citizenship, child welfare, social morality, sex hygiene and Americanization will be presented by experts. These conferences are free and are open to all women who are interested. Conferences will be held at Mt. Horeb, July 12-13; Sparta, July 13-14; Nellisville, 14-15; Cumberland, 15-16; Antigo, 17-18; Appleton, 19-20; Ripon, 20-21; Portage, 21-22; Janesville, 22-23.

One of the earliest Japanese legends refers to the conquest of Korea in the third century.

Ancient Egyptians regarded the earth as an elephant standing on a swimming turtle's back.

WOMAN IN DIVORCE HELD FOR PERJURY

Mrs. Esther Schillinger Pleads Guilty to False Swearing

IS TAKEN TO JAIL

Arrest Follows Testimony Taken in Suit Behind Closed Doors

Perhaps the most sensational divorce proceedings that Madison courts have ever witnessed, took place this morning behind the closed doors of the superior courtroom, and resulted in the plaintiff, Mrs. Esther Schillinger, pleading guilty to the charge of perjury preferred against her by Dist. Atty. Heiman, and being remanded to the custody of the sheriff. She is now in the county jail.

The case opened this morning with a motion made by Carl N. Hill of Hill and Spohn, attorney for Mrs. Schillinger, who is suing for a divorce from her husband, John, to dismiss the complaint of Mrs. Schillinger and her request for a divorce, based on facts which he stated he had learned within the last 24 hours.

Harry Southoff, attorney for Schillinger, who has filed a cross complaint for divorce against Mrs. Schillinger, objected to dismissal and the withdrawing of the cause of action, and E. J. Reynolds, divorce counsel, also objected. Mr. Hill then stated that he has no objection to proceeding with the case.

Mrs. Schillinger was then called to the stand by Mr. Hill, and after cross-examining by Mr. Reynolds, the court stopped the examination and called the attention of the district attorney to testimony given this morning by the plaintiff, whereupon Mr. Heiman made a complaint charging Mrs. Schillinger with false swearing. She was arraigned and pleaded guilty. The ordeal of the morning appeared to have been too much for Mrs. Schillinger, who burst into weeping, and continued to sob, ever as she pleaded guilty to the charge.

The court room was thrown open to the public this afternoon, during which time a number of witnesses, who had stood outside the halls all morning, were called upon to testify. The Schillingers were married in Madison Jan. 8, 1914, and have no children. She began the divorce action about a year ago, charging her husband with cruel and inhuman treatment; neglect to provide properly for her; the use of vice and obscene names; declaring that he told her that he did not want to live with her, and that she could get a separation; that he accused her of infidelity; struck her in the face and various other offenses.

Schillinger then filed a counter claim, denying her allegations as to cruel and inhuman treatment, but admitted that he accused her of going out with various other men. He alleges that she remained out till 2 or 3 o'clock in the morning, refusing to tell him where she went; that she drank intoxicating liquors in the company of other men; and that as a consequence of the kind of a life she was leading, was unable to do the housework and prepare his meals.

LINGERIE GIRL FOUND, CLAIM

Key Witness in Elwell Murder Case Faces Grim Questioning

(By the Associated Press)
MURDER of Joseph Browne Elwell, widow expert, gravitated today toward "Miss Wilson," supposed owner of silk lingerie found in the dead man's bedroom.

Her acquaintance with the sportsman his six times caused to be questioned by the district attorney. She latest interview was held in order that she might be confronted with a cablegram quoting Anna Kane, Elwell's former housekeeper, now in Ireland, as stating that "Miss Wilson" had "threatened to shoot Elwell if he deserted her again."

Following the examination "Miss Wilson" had "denied categorically that she had uttered any threat against Elwell."

Ozecho-Slovakia has provided for a seven-year term for its presidents, allowing only two terms to one individual.

GLASS STARTS TO READ THE PLATFORM

Cheers Are Set Up as He Reads Plank on League of Nations

MAY BALLOT TONIGHT

Nugent Ready to Start Battle in Favor of a Wet Plank

SAN FRANCISCO—The battle of the wets and dries got under way in the Democratic national convention this afternoon, when, after the platform had been read without making mention of a prohibition plank, Wm. J. Bryan was recognized to offer a bone-dry plank as a minority report.

(By the Associated Press)
SAN FRANCISCO—All set for the battle of the wets and dries the Democratic national convention assembled this morning with everything ready for a battle royal. The first skirmish of the fight was set to come on the submission of a wet plank by Jas. R. Nugent, New Jersey, and a dry plank by William J. Bryan. There was little prospect of balloting for a nominee before tonight if that.

One of the plans under consideration in the back-stage conference of leaders was a suggestion that all debate on the platform be limited to three hours and that balloting for a presidential candidate should follow its conclusion. There was some objection, however, and the consultations continued without immediate fruit.

At 10:27 Chairman Robinson, Mr. Glass and Mr. Bryan appeared together on the platform and there was a scattered shower of applause. Some cheers for Bryan followed from corners of the galleries.

Apparently the plan of procedure had not yet been completed and Senator Robinson and others on the platform gathered in a little circle and put their heads together while the impatience of the delegates gathered in the hall broke out again in loud demands for action.

At 10:35 Senator Robinson pounded for order and the hall quieted down quickly.

At 10:40 o'clock the long awaited report of the platform committee was formally brought before the convention and read by Chairman Glass of the resolutions committee.

Galleries and delegates listened attentively and interrupted the operation by cheering and applause. At the point where the platform declared for the league of nations, Senator Glass put the emphasis on the word "the" and the convention stood up and cheered for a minute.

Sensor Glass began reading at the rate of 56 words a minute. The platform exceeds 5,000 words. Without interruption, for applause of especially appreciated passages, the reading would continue an hour and 40 minutes. The advance estimate of time likely to be required for the actual presentation of the committee's majority report was something more than two hours.

When the direct declaration for ratification of the treaty was reached in the reading, there was another demonstration.

When he finished the league plank Senator Glass departed from his manuscript to say:

"So much for the league of nations, and my voice, I regret to say, is impaired from fighting for that declaration."

The remark was answered by applause from some of the delegates and spectators.

Nearly every plank got a little rise of applause when it was read but the declarations of the platform were not new to many of the delegates and for the most part they became restless before the reading was half completed.

Sensor Glass worked hard at the reading and paused many times to wipe the perspiration from his face. "It's a hot job," he remarked just after he had read the agricultural plank.

"It's a hard platform," shouted a delegate and there was a ripple of laughter. One of the biggest demonstrations was given the suffrage plank calling on legislators of three southern democratic states to ratify the suffrage amendment. Led by the women delegates, virtually every one in the convention got to their feet and

Majority Report Platform As Presented To Convention Today

(By the Associated Press)
SAN FRANCISCO—The following is the platform submitted to the democratic national convention today:

The democratic party in its national convention now assembled, sends greetings to the president of the United States, Woodrow Wilson, and hails with patriotic pride the great achievements for the country and the world wrought by a democratic administration under his leadership.

It salutes the mighty people of this great republic, emerging with imperishable honor from the severe tests and grievous strains of the most tragic war in history, having earned the plaudits and the gratitude of all free nations.

It declares its adherence to the fundamental progressive principles of social, economic and industrial justice and advance, and purposes to resume the great work of translating these principles into effective laws begun and carried far by the democratic administration and interrupted only when the war claimed all the national energies for the single task of victory.

LEAGUE OF NATIONS.

The democratic party favors the league of nations as the surest if not the only practicable means of maintaining the permanent peace of the world and terminating the insufferable burden of great military and naval establishments. It was for this that American broke away from traditional isolation and spent her blood and treasure to crush a colossal scheme of conquest. It was upon this

basis that the president of the United States in pre-arrangement with our allies, consented to a suspension of hostilities against the imperial German government; the armistice was granted and a treaty of peace negotiated upon the definite assurance to Germany as well as to the powers pitted against Germany, that "a general association of nations must be formed under specific covenants for the purpose of affording mutual guarantees of political independence and territorial integrity to great and small states alike." Hence, we not only congratulate the president on the vision manifested and the vigor exhibited in the prosecution of the war; but we felicitate him and his assistants on the exceptional achievements at Paris involved in the adoption of the league and treaty so near akin to previously expressed American ideals and so intimately related to the aspiration of civilized peoples everywhere.

We commend the president for his courage and his high conception of good faith in steadfastly standing for the covenant agreed to by all the associated and allied nations at war with Germany and we condemn the republican senate for its refusal to ratify the treaty merely because it was the product of democratic statesmanship, thus interposing partisan envy and personal hatred in the way of the peace and renewed prosperity of the world.

By every accepted standard of international morality the president is justified in asserting that the honor of the country is involved in this business; and we point to the

accusing fact that, before it was determined to initiate political antagonism to the treaty, the now republican chairman of the senate foreign relations committee himself publicly proclaimed that any proposition for a separate peace with Germany such as he and his party associates thereafter reported to the senate would make us "guilty of the blackest crime."

On May 15, last the Knox substitute for the Versailles treaty was passed by the republican senate and this convention can contrive no more fitting characterization of its obliquity than that made in the Forum magazine of December, 1918, by Henry Cabot Lodge, when he said:

"If we send our armies and young men abroad to be killed and wounded in France with no result but that our entrance into war with such intention was a crime which nothing can justify. The intent of congress and the intent of the president was that there could be no peace until the could create a situation where no such war as this could recur. We cannot make peace except in company with our allies. It would brand us with everlasting dishonor and bring ruin to us also if we undertook to make a separate peace."

Thus to that which Mr. Lodge, in saner moments considered "the blackest crime" he and his party in madness sought to give the sanctity of law; that which 18 months ago was a "everlasting honor" the republican party and its candidates today accept as the essence of faith. We endorse the president's view

PHILIPP MIXES IN LABOR WAR

Censures Milwaukee Sheriff for "Failure to Protect Workers"

Gov. Philipp has taken a hand in the Milwaukee labor troubles.

Friday afternoon he sent a telegram to Sheriff Buch of Milwaukee county demanding protection for about 300 employees under W. W. Oefflein, who has contracted for the construction of a large factory in Milwaukee county. The telegram contains a threat of removal and I shall not again accept an unfounded excuse from you."

The telegram to the sheriff, in part, follows:

"W. W. Oefflein, who has contracted for the erection of a large building for the Wisconsin Food Processing company on the Washington road, town of Milwaukee, and who employs 300 men, makes complaint that his workmen are being molested by men who are antagonistic to their employment, and that on Wednesday of last week a force of 500 or more men made an attack upon his employees and that 200 or more entered the premises and by threats of violence practically drove the employees out of the building which he is constructing, and for the time being stopped further building." Mr. Oefflein states that it was with great difficulty that he prevailed upon his men to keep peace. He alleges that you were notified that this disturbance would occur and that you made no effort to protect him and his men.

"I demand of you to do your duty in this matter as the law prescribes, and I shall not again accept an unfounded excuse from you. Whatever the controversy may be between the men who are trying to interfere with this work and those who are working is none of your official business. Your duty is to preserve law and order. The right to strike and the right of peaceful picketing is recognized by the law. The police power of the state shall not be used as long as that right is exercised within the law. However, that privilege does not mean that violence may be used or that men may enter upon the premises to interfere with the peaceful pursuits of others."

HOPE ABANDONED FOR TRAIN VICTIM

The condition of John McDermott, Milwaukee road bagman, who was accidentally struck by a freight train, is serious. Hopes for his recovery have been almost abandoned.

He is at St. Mary's hospital. In addition to five broken ribs he is suffering with a fractured skull, concussion of the brain and internal injuries.

Love may not be blind, but it seldom sees its finish.

H. C. LARSON TO RESIGN PLACE

Will Become Secretary of the Buttermakers Association

H. C. Larson of the Wisconsin dairy and food commission at the capital today resigned his position to be secretary to the Wisconsin Buttermakers' association.

LEAGUE WINS; GRONNA BEATEN?

Present Senator and Dr. Ladd Run Close on Returns so Far

SAY VICTORY CONCEDED.
The Wisconsin Nonpartisan League headquarters in the Gay building here today received the following telegram from Dr. C. Dorman, national organizer of the Nonpartisan league from headquarters at St. Paul:

"The opposition concedes the victory of the entire Nonpartisan league ticket with the possible exception of Congressman Baer. Move your armies across on no man's land. The world is ours."

(By the Associated Press)
FARGO, N. D.—With the gubernatorial contest virtually conceded a Nonpartisan victory by the Fargo Forum, interest in Wednesday's primary turned today to the contest for the U. S. senatorial nomination on the republican ticket.

The early lead established by Senator Gronna was dwindling somewhat at noon, his total of 738 out of 2,034 precincts in the state being 20,203 as against the 18,723 polled by Dr. E. F. Ladd, the league candidate. Predictions today by the Fargo Forum, an anti-league newspaper, which has supported the candidacy of William Langer for governor, placed the estimated majority of Gov. Lynn J. Frazier, the league choice, at from 5,000 to 7,500.

Langer had a lead of 1,602 votes in 1,622 precincts, but the missing precincts were recognized as Frazier strongholds almost entirely.

SMALL FIRE AT THE M. CONLIN HOME

Central fire station responded to a call this afternoon at 2:45 to extinguish a chimney fire at the M. Conlin home, 900 W. Mifflin st. No serious damage was inflicted.

The troubles of her neighbors are apt to wake a woman.

SMEDAL WINS VIOLIN MEDAL

Brother of McFarland Man Wins Contest at Eau Claire

EAU CLAIRE—Emil Smedal of La Crosse was awarded the gold medal of the Hardanger Violinist association at the auditorium Wednesday, proclaiming him as the premier Hardanger violinist of the U. S. He has previously won honors in Norway. Mr. Smedal succeeds his older brother, Harold Smedal of McFarland, as the holder of the honor. Harold Smedal won the prize three years in succession, and was awarded a \$250 Hardanger violin. He did not take part in the competition Tuesday evening.

The two-day meeting of the association closed with a competitive Halling and Springdancing program.

Hans Fykerud of Stoughton placed next to Smedal in the competition. St. Indiegren of Chicago and St. Braten of Houghton, N. D., were tied for third place, and O. G. Delen of Chicago won fourth place. Kjell Kjetelson of Hoople, N. D., won the medal in the second class, followed in order by Helge Thorsen of Dendaydow, Minn.; Tollef Strand of Joyce, Ia.; John Gudvangen of Chicago; Claus Anderson of Albert Lea, Minn., and Mrs. A. Quisling of Madison, Wis.

Harold Smedal was re-elected president of the association at the business meeting this morning. The other officers are O. G. Delen of Joyce, Ia.; vice president, Sv. Indiegren of Chicago, secretary; John Gudvangen of Chicago, treasurer.

Eleven violinists entertained several hundred of their Norwegian countrymen at a program last evening which lasted four hours.

James Thompson of La Crosse addressed the meeting on the ideals of patriotism, urging his hearers to cherish what was best in their mother country. All Europe, he said, was the mother of America, not merely England. He recommended releasing from jails those imprisoned for the expression of their honest convictions and consigning in their places the horse thieves of proficuers who grew rich on the war.

NEGROES PRAY FOR "MASSA" HARDING

WASHINGTON—Ministers of all negro churches in the country are asked to offer prayer Sunday for the success of the republican candidate for president and vice president in an appeal sent out today by the Negro Ministerial campaign committee.

Furthur, which has been so rare that it sold for \$20 a pound, has been found to be a by-product of cornmeal and now costs 20 cents a pound. It is a basis intermediary in dyer.

BRYAN ALL READY FOR FIGHT TODAY

Will Fight for Plank Declaring for Enforcement of Volstead Act

ALSO HITS OTHER PLANKS

Bryan is Defeated in All Night Session of Resolutions Committee

(By the Associated Press)
SAN FRANCISCO—An announcement that the platform committee was ready to make its report caused delegates to the democratic national convention to look forward to a long, hard grind with real action when they assembled for the fifth day's session. In anticipation of a lively time on the floor over issues hotly contested in the resolutions committee, crowds came early to the great auditorium and were prepared for a long stay.

Convention rules provided for the immediate consideration of the party's declaration of principles submitted by the platform committee when the delegates were called to order. The document was completed late last night and Senator Carter Glass of Virginia, chairman of the resolutions committee refreshed after a good night's sleep following his long siege in committee, was ready to defend the report.

The platform committee completed its labors at 12:15 this morning with decisive defeat of both wet and dry planks.

After the committee had voted, 30 to 12, against all planks offered it attempted to write into the platform a declaration in regard to enforcement of the Volstead act, William Jennings Bryan announced that he would carry his fight for a bone dry plank to the convention.

Bryan was eager to fight today some of the planks in the platform and also press for the insertion of some that the committee rejected. The Nebraska who left with the committee room last night with a smile on his face after his bone dry resolution had been defeated was still determined to urge the adoption of his prohibition plank.

Mr. Bryan came to the convention hall prepared to offer five planks as minority reports. In another plank he renewed his fight for a national bulletin to be published by the federal government. He also had a proffering plank opposing the elimination of "unnecessary middlemen" and to force disclosure of cost and selling prices and to recommend creation within the states of commissions similar to the federal trade commission. Another plank, very brief, merely stated opposition to universal compulsory military training in time of peace. His treaty plank was also the same as the one he previously has announced.

James R. Nugent, New Jersey, was ready with a wet plank. Mr. Bryan and Mr. Nugent discussed the order of their recognition with Chairman Robinson and it was arranged that after the platform had been placed before the convention, Nugent would first offer his wet plank as an amendment and that Mr. Bryan would offer his dry plank as a substitute.

Another minority report dealing with soldier relief was ready to be presented by Tom D. Lyons of Oklahoma. It made no mention of a bonus but declared for a system of farm and home loans. Just what form the fight of the Irish sympathizers for their recognition plank would take had not been revealed.

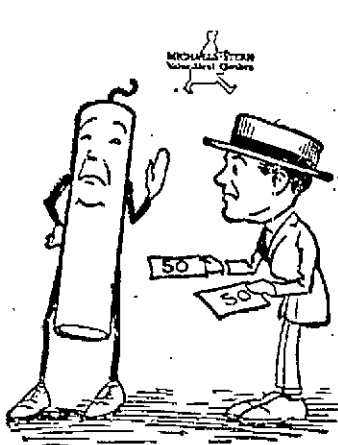

P. O. MAY BUY WAGON WORKS

Site for Proposed Branch Sought by Devine and Esche

W. F. Esche of Lodi, in charge of this postal district with regard to putting up new stations, was in the city today going about with Postmaster Devine in search of a site for a new station.

"We want a site as near the Northwestern station as possible, and we are considering the Wisconsin Wagon works," Mr. Devine declared today, "but I don't think we can get that property now. We haven't decided upon anything yet but feel confident that someone will turn up with an acceptable offer soon."

Bryan Opens His Fight

GETS SMALL AMOUNT OF APPLAUSE

Has Praise for the Platform Read by Chairman Glass

PRESENTS DRY PLANK

SAN FRANCISCO—The reading of the platform was concluded at 12:47, two hours and seven minutes after it began. At the concluding words the band started up again and the delegates stood and cut loose with a crash of applause. Then there were some more cries for "Bryan" and clamoring for the fight over adoption to begin.

Senator Glass moved that the platform be adopted as read and W. J. Bryan bounced out of his chair for his minority plank. He was greeted with a minute of cheering in which very few delegates took prominent part. Opening his speech diplomatically with praise for the platform he declared it one of the strongest ever adopted by a political party. He added that whatever difference of opinion there had been in the platform committee had been over the means and not the end to be accomplished, but it was one of the prerogatives of a democrat to speak his own views.

"I am glad to come to you and say that I am ready to endorse almost all that is written there," he continued, and an upsurge of approval and disapproval interrupted him. "Make it all, make it all," yelled several of the delegates.

Under the rules Mr. Bryan was required to read all his proposed planks before the discussion of any of them could begin. The bone dry proposition he presented first and then followed the declarations he had drafted for publication of a government bulletin for dealing with profiteers, and to put the party on record as opposing compulsory military training in time of peace. When he came to the last of his five planks which dealt with the league of nations, Mr. Bryan prefaced his reading by saying that nothing contained in it was intended to conflict with the majority platform's words of praise for the president.

The peace treaty, he added, was "better than any one and a right to expect," considering the circumstances with which the president had to deal. Some "noes" interrupted.

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in every package.

GIRLS! LEMONS BLEACH; WHITEN

Make Lemon Lotion to Double Beauty of Your Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quart of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.—Adv.

BLACKLISTED BY DEMOCRATS

Senator James A. Reed.

rupted the reading of the Bryan league plank but its provisions also got some applause. It demanded an amendment to the constitution for ratification of treaties by a majority of the senate.

When Mr. Bryan finished reading his planks he sat down and W. Bourke Cockran of New York, another veteran of many democratic conventions, was recognized to also present a minority report. He said Mr. Bryan had been inadequate in his description of the efforts of the platform committee to write a great platform.

Mr. Cockran presented a substitute for Mr. Bryan's prohibition plank and declared that Mr. Bryan having presented the question of prohibition "thank heaven, the convention can no longer change it."

"Better than any one and a right to expect," he told the convention that had Mr. Bryan consented to let the committee's report stand he doubted whether the wets would have raised the question. "But Bryan and evasion are irreconcilable within the same hall," he added, "and now that the issue has been raised, thank God the convention can no longer dodge it."

A roar of cheering greeted the language of the plank which declared for manufacture and home consumption of cider, light wines and beers. Just as the reading was finished some one upset a glass of water on the speaker's table and it went down the neck of the official stenographer.

Edward L. Doherty of California was the next to bring in a minority plank.

Mr. Doherty of California presented a minority report on the Irish question proposing a plank providing for the recognition of the Irish republic.

It was in part the Irish plank for which an unsuccessful fight had been waged by organized Irish sympathizers in the committee, but as read by Mr. Doherty it did not con-

tain a declaration for recognition of the Irish republic. Presenting the minority plank of soldiers' relief, Tom Lyons of Oklahoma declared the division on its adoption in the committee had been so close that it took three roll calls before it was certain that it had been defeated.

On motion of Senator Glass the debate was limited to three hours and thirty minutes on a suspension of the rules.

Chairman Robinson recognized Bryan for one hour and the real fight started off.

SCHAFFER TO SPEAK AT DOTY FESTIVAL

Dr. Joseph Schaffer of this city, superintendent of the state historical society, will be one of the chief speakers of the Doty centennial to be held at Menasha Sunday. A historical pageant will be presented by the Camp Fire Girls and the Boy Scouts. Menasha is closely connected with the Doty history, the old Doty home being there and there also being a museum of old family possessions in keeping there.

SIoux FALLS IN BIG CENSUS GAIN

WASHINGTON—Today's census: Danbury, Conn., 18,893, decrease 6.5 per cent; Sioux Falls, S. D., 25,176, increase 78.5 per cent; Laramie, Wyo., 6,801, decrease 23.5 per cent; Columbus, Ind., 8,990, increase 2 per cent; Gettysburg, Pa., 4,432, increase 10.1 per cent.

The Board of Regents has appointed Loyal Durrant, '91, of Milwaukee, as one of its four representatives on the Board of Visitors of the University of Wisconsin. He will succeed Willet M. Spooner, whose term expires July 1.

The council of the Alumni association reappointed William A. Foster, '15, of Elkhorn, as one of the four alumni members of the Board of Visitors.

WOOD TO AID SEN. HARDING
Report Follows Conference of Nominee and General
(By the Associated Press)
NEW YORK—A half hour conference today between Gen. Wood and Will Hay, Republican national chairman, caused excitement in the party's headquarters when a report filtered from Mr. Hay's office that support of the Harding campaign had been offered by the general.
"Gen. Wood will do everything consistent with his position as an army officer to further Sen. Harding's election," an executive of the campaign announced.
The report was strengthened when it was learned that he was planning to call on Sen. Harding at Marion, within the next few weeks.
Gen. Wood would not admit that his call had any political significance.
The afterglow at sunset is due to refraction by fine dust suspended in the higher regions of the atmosphere.

WOMAN'S BONES FOUND IN WINE CASE IN SALOON
KANSAS CITY—A wine cask containing a woman's bones were found today buried under twelve feet of earth in the rear of what was formerly a saloon at Fifth and Walnut sts. here. The bones appeared to be those of a young woman as the skull showed two rows of perfect teeth. The police are attempting to connect the discovery with the disappearance 26 years ago of Miss Maud Belle Bonstetter, daughter of a Kansas City physician.
HAIR TONIC MEN GET STIFF TERMS
NEW YORK—Prison sentences totalling 59 months and fines aggregating \$85,000 were given three officers of the Gramatan Hair Tonic company, and the Herba Product Co. for violation of the Volstead and internal revenue acts. The defendants were charged with having sold for beverage purposes part of 125,000 gallons of high grade alcohol withdrawn from warehouses supposedly for manufacturing purposes. The defendants were released on \$15,000 bail each.
The Antarctic region is the highest of the world's great land masses.

HONORS WON BY 107 GRADUATES
Women Capture 51 Places in Studies and Six for Theses
Under the new system of honors for general scholarship, inaugurated last year at the University of Wisconsin, high honors were awarded at Commencement to 17 of the 969 members of the graduating class, and honors were awarded to 50. Women students captured 51 of the high honors and 46 of the honors.
High honors were awarded to those who made an average grade above 91 in all their studies, and honors to those who averaged above 87. Honors for graduating theses were awarded to 19 students, of whom 6 were women.
Among those awarded honors for theses were: Fritz E. Bischoff, Herman J. Reutsch, Isabelle L. Hill, and John P. Owens, Milwaukee; John A. Anderson, Racine; Cornelius F. Arzberger, Jefferson; Elizabeth Kundert, Monroe; Samuel Lepkowski, Kenosha; and William L. Nightingale, Antigo.
Awarded High Honors
Among the 17 who were awarded high honors for general scholarship

were: Letters and Science—George G. Bemis, Antigo; Merville K. Hobbs, Platteville; John Huisen, Richland Center; Gerhard K. Rollefson, Superior; Estelle R. Stone, Milwaukee; and B. Goodwin Watson, Whitewater; Commerce—Russell F. Taylor, Whitewater; Chemistry—Fritz E. Bischoff, Milwaukee.
Awarded Honors
Among the 40 who were awarded honors for general scholarship in the College of Letters and Science were: Doris Berger, Isabelle L. Hill, and Marion S. Prentiss, Milwaukee; Thelma L. Clark, Evansville; Mary C. Hickey, Reddick; Josephine Hintgen, La Crosse; Vernon J. Hintner, Seymour; Adele M. Hoffman, Watertown; Elizabeth R. Lamb, Janesville; Maud Miller, Cumberland; Gertrude M. Noe, Waukesha; Frieda E. Umbricht, Monroeville; Ruth Marie Urban, Watertown; Harvey J. Weiss, Sheboygan Falls; and Lois A. White, Wisconsin.
GENERAL GORGAS CRITICALLY ILL
LONDON—The condition of Maj. Gen. W. C. Gorgas, former surgeon general of the U. S. army, is very critical.
Made of paper obtained from mulberry tree fiber, a lifeboat that can be folded into a space of about a cubic foot has been invented by a Japanese naval officer.

Majority Report Platform Presented to Democratic Convention Today

(Continued from Page 1)

of our international obligations and our stand against the reservationists designed to cut to pieces the Versailles provisions of the peace treaty and we commend the demonstration of congress for voting against resolutions for separate peace which would disgrace the nation. We advocate the immediate ratification of the treaty without reservations which would impair its essential integrity; but do not oppose the acceptance of any specific reservations of the United States to the league associates. Only by doing this may we retrieve the reputation of this nation among the powers of the earth and recover the moral leadership which Pres. Wilson won and which republican politicians at Washington sacrificed. Only by doing this may we hope to all order throughout the world and to take the place which we should assume in the front rank of spiritual, commercial and industrial advancement.

We reject as utterly vain, if not vicious, the republican assumption that ratification of the treaty and membership in the league of nations would in any wise impair the independence of our country. The fact that the covenant has been entered into by 29 nations all as jealous of their independence as we are of ours, is a sufficient refutation of such charge. The president repeatedly has declared and this convention reaffirms, that all our duties and obligations as a member of the league must be fulfilled in strict conformity with the constitution of the United States embodied in which is the fundamental requirement of declaratory action by the congress before this nation may become a participant in any war.

CONDUCT OF THE WAR.

During the war Pres. Wilson exhibited the very broadest conception of liberal Americanism. In his conduct of the war, as in the general administration of his high office, there was no semblance of partisan bias.

And yet, with the war successfully prosecuted and gloriously ended, the republican party in congress has meanly requited the consideration of the chief magistrate by savagely defaming the commander in chief of the army and navy and by assailing nearly every public officer of every branch of the service intimately concerned in winning the war.

We express to the soldiers and sailors of America the admiration of their fellow countrymen.

FINANCIAL ACHIEVEMENTS.

A REVIEW of the record of the democratic party during the administration of Woodrow Wilson presents a chapter of substantial achievements unsurpassed in the history of the republic. For 50 years before the advent of this administration periodical convulsions had impeded the industrial progress of the American people and caused incalculable loss and distress. By the enactment of the federal reserve act the old system, which bred panics, was replaced by a new system, which insured confidence. It was an indispensable factor in winning the war and today is the hope and inspiration of business. Indeed one vital danger against which the American people should be constantly on guard is the commitment of this system to partisan enemies who struggled against its adoption and vainly attempted to return in the hands of speculative bankers a monopoly of the currency and credits of the nation. Already there are well defined indications of an assault upon the vital principles of the system in the event of republican success in the elections in November.

Under democratic leadership the American people successfully financed their stupendous part in the greatest war of all time. The treasury wisely insisted during the war upon meeting an adequate portion of the war expenditures from

current taxes and the bulk of the balance from popular loans, and, during the first full fiscal year after fighting stopped, upon meeting current expenditures from current receipts notwithstanding the new and unnecessary burdens thrown upon the treasury by the delay of construction at home, the credit of the publican congress.

The non-partisan federal reserve authorities have been wholly free of political interference or motive, and in their own time and their own way, have used courageously, though cautiously, the instruments at their disposal to prevent undue expansion of credit in the country. As a result of these sound treasury and federal reserve policies, the inevitable war inflation has been held down to a minimum and the cost of living has been prevented from increasing here in proportion to the increase in other belligerent countries and in neutral countries which are in close contact with the world's commerce and exchange.

After a year and a half of fighting in Europe and despite another year and a half of republican obstruction at home, the credit of the government of the United States stands unimpaired, the federal reserve note is the unit of value throughout all the world and the United States is the one great country in the world which maintains a free gold market.

We condemn the attempt of the republican party to deprive the American people of their legitimate pride in the financing of the war—an achievement without parallel in the financial history of this or any other country; in this or any other war. And in particular we condemn the pernicious attempt of the republican party to create discontent among the holders of the bonds of the government of the United States and to drag our public finance and our banking and currency system back into the arena of party politics.

TAX REVISION

We condemn the failure of the present congress to respond to the off-repeated demand of the president and the secretaries of the treasury to revise the existing laws.

We advocate tax reform and a revision of the war revenue acts to fit peace conditions.

PUBLIC ECONOMY

Claiming to have effected great economies in government expenditures, the republican party cannot show the reduction of one dollar in taxation as a corollary of this false pretense. In contrast, the last democratic congress enacted legislation, reducing taxes from eight billions, designed to be raised to six billions for the first year after the armistice, and to four billions thereafter; and there the total is left undiminished by our political adversaries.

HIGH COST OF LIVING

The high cost of living and the depreciation of bond values in this country are primarily due to the war itself, to the necessary governmental expenditures for the destructive purposes of war, to private extravagance to the world shortage of capital, to the inflation of foreign currencies and credits and in large degree, to conscienceless profiteering.

The republican party is responsible for the failure to restore peace and peace conditions in Europe, which is a principal cause of post-war inflation, the world over. It has denied the demand of the president for necessary legislation to deal with secondary and local causes. The sound policies pursued by the treasury and the federal reserve system have limited in this country though they could not prevent the inflation which was world wide. Elected on specific promises to curtail public expenditures and to bring the country back to a status of effective economy, the republican party in congress wasted time and energy for more than a year in vain and extravagant investigations, costing the taxpayers great sums of money while revealing nothing beyond the incapacity of republican

politicians to cope with the problems. Demanding that the president, from his place at the peace table, call the congress into extraordinary session for imperative purposes of readjustment, the congress when convened spent 13 months in partisan pursuits, failing to repeal a single war statute which harassed business or to initiate a single constructive measure to help business. It busied itself making a pre-election record of pretended thrift, having not one particle of substantial existence in fact. It raged against profiteers and the high cost of living without enacting a single statute to make the former afraid or doing a single act to bring the latter within limitations.

The simple truth is that the high cost of living can only be remedied by increased production, strict governmental economy and a relentless pursuit of those who take advantage of post-war conditions and are demanding and receiving outrageous profits.

We pledge the democratic party to a policy of strict economy in government expenditures and to the enactment and enforcement of such legislation as may be required to bring profiteers before the bar of criminal justice.

THE TARIFF

We reaffirm the traditional policy of the democratic party in favor of a tariff for revenue only and confirm the policy of basing tariff revisions on the intelligent research of a non-partisan commission.

BUDGET

In the interest of economy and good administration, we favor the creation of an effective budget system that will function in accord with the principles of the constitution.

The supervision and preparation of the budget should be vested in the secretary of the treasury as the representative of the president. The budget as such, should not be increased by the congress except by a two-thirds vote, each house, however, being free to exercise its constitutional privilege of making appropriations through independent bills.

SENATE RULES

We favor such alteration of the rules of procedure of the senate of the United States as will permit the prompt transaction of the nation's legislative business.

AGRICULTURAL INTERESTS

To the great agricultural interests of the country the democratic party does not find it necessary to make promises. It already is rich in its record of things actually accomplished. For nearly half a century of republican rule, not a sentence was written into the federal statutes affording one dollar of bank credits to the farming interests. In the first term of this democratic administration the national bank act was so altered as to authorize loans of five years maturity on improved farm lands. Later was established a system of farm loan banks, from which the borrowings already exceed \$200,000,000 and under which the interest rate to farmers has been so materially reduced as to drive out of business the farm loan sharks.

Thus it was a democratic congress, in the administration of a democratic president which enabled the farmers for the first time to obtain credit upon reasonable terms and insured their opportunity for the future development of the nation's agricultural resources. Tied up in supreme court proceedings, in a suit by hostile interests, the federal farm loan system, originally opposed by the republican candidate for the presidency, appealed in vain to a republican congress for adequate financial assistance to tide over the interim between the beginning and the ending of the current year. We pledge prompt and consistent support of sound and effective measures to sustain, amplify and perfect the rural credits statutes and thus to check and reduce the growth and course of farm tenancy. Not only did the democratic party put into effect a great farm loan system of land mortgage banks, but it passed the Smith-Lever agricultural extension act carrying to every farmer the practical knowledge acquired by the federal agricultural department.

The democratic party has vastly improved the rural mail system and has built up the parcel post system to such an extent as to render activities and its practical service indispensable to the farming community.

Meanwhile the republican leaders at Washington have failed utterly to propose one single measure to make rural life more tolerable. They have signaled their fifteen months of congressional power by urging schemes which would strip the farms of labor; by assailing the principles of the farm loan system and seeking to impair its efficiency; by covertly attempting to destroy the great nitrogen plant at Muskego upon which the government has expended \$70,000,000 to supply American farmers with fertilizer at reasonable cost.

We favor such legislation as will confirm to the primary producers of the nation the right of collective bargaining, and the right of cooperative handling and marketing of the products of the workshop and the farm and such legislation as will facilitate the exportation of our farm products.

We favor comprehensive studies of farm production costs and the uncensored publication of facts found in such studies.

LABOR AND INDUSTRY

The Democratic party is now as

ever the firm friend of honest labor and the promoter of progressive industry. It established the department of labor at Washington and a democratic president called to his official council board the first practical workingman who ever held a cabinet portfolio. Under this administration have been established employment bureaus, have been peaceably determined many bitter disputes between capital and labor; were passed the child labor act, the workingman's compensation act (the extension of which we advocate so as to include laborers engaged in loading and unloading ships and in interstate commerce), the 8-hour law, vocational training act, and a code of other wholesome laws affecting the liberties and bettering the conditions of the workers. In the department of labor the democratic administration established a woman's bureau which a republican congress destroyed by withholding appropriations. Labor is not a commodity; it is human. These who labor have rights and the national security and safety depend upon a just recognition of those rights and the conservation of the strength of the workers and their families in the interest of a sound hearted and sound headed men, women and children. Laws regulating hours of labor and conditions under which labor is performed when passed in recognition of the conditions under which life must be lived to attain the highest development and happiness, are just assertions of the national interest in the welfare of the people.

At the same time, the nation depends on the products of labor; a cessation of production means loss and if long continued, disaster. The whole people, therefore, have a right to insist that justice shall be done to those who work, and in turn that those who labor must recognize the reciprocal obligation between the worker and the state. They should participate in the formulation of sound laws and regulations governing the conditions under which labor is performed, recognize and obey the laws so formulated and seek their amendment when necessary by the processes ordinarily addressed to the laws and regulations affecting the other relations to life.

Labor as well as capital, is entitled to adequate compensation. Each has the indefensible right of organization, of collective bargaining and of speaking through representatives of their own selection. Neither class, however, should at any time not in any circumstances take action that will put in jeopardy the public welfare. Resorts to strikes and lockouts, which endanger the health and lives of the people is an unsatisfactory device for determining disputes and the democratic party pledges itself to arbitrate, if possible, and put into effective operation a fair and comprehensive method of composing differences of this nature.

In private industrial disputes we are opposed to compulsory arbitration as a method plausible in theory but a failure in fact. With respect to government service we hold distinctly that the rights of the people are paramount to the right to strike. However we profess scrupulous regard for the conditions of public employment and pledge the Democratic party to instant inquiry into the pay of government employees and equally speedy regulations designed to bring salaries to a just and proper level.

WOMAN SUFFRAGE

We endorse the proposed nineteenth amendment to the constitution granting equal suffrage to women.

We urge the democratic governors and legislators of Tennessee, North Carolina and Florida and such states as have not yet ratified the federal suffrage amendment to unite in an effort to secure the thirty-sixth state in time for all the women of the United States to participate in the fall election.

WOMEN IN INDUSTRY

We urge co-operation with the states for the protection of child life, through infancy and maternity care; in the prohibition of child labor and by adequate appropriations for the children bureau and the woman's bureau in the department of labor. Co-operative federal assistance to the states is immediately required for the removal of illiteracy, for the increase of teachers salaries and instruction in citizenship for both native and foreign born; for re-establishment of joint federal and state employment service with women's departments. We advocate full representation of women on all commissions dealing with women's work or women's interests and a reclassification of the federal civil service free from discrimination on the ground of sex.

DISABLED SOLDIERS

The federal government should treat with the utmost consideration every disabled soldier, sailor and marine of the world war whether his disability be due to wounds received in line of action or to health impaired in the service; we pledge our party to the enactment of soldier settlements and home aid legislation which will afford to the men who fought for America the opportunity to become land and home owners.

THE RAILROADS.

The railroads were subjected to federal control as a war measure, without other idea than the swift transport of troops and supplies.

When human lives and national hopes were at stake, profits could not be considered and were not.

The president's recommendation of return to private ownership gave the republican majority a full year in which to enact the necessary legislation. The house took six months to formulate its ideas and another six months was consumed by the republican senate in equally vague debate. As a consequence the Esch-Cummings bill went to the president in the closing hours of congress and he was forced to a choice between the chaos of a veto and acquiescence in the measure submitted however grave may have been his objections to it.

There should be a fair and complete test of the law until careful and mature action by congress may cure its defects and insure a thoroughly effective transportation system under private ownership without government subsidy at the expense of the taxpayers of the country.

IMPROVED HIGHWAYS.

Improved roads are of vital importance not only to commerce and industry but also to agriculture and rural life.

We favor a continuance of the present federal aid plan under existing federal and state agencies, amended so as to include as one of the elements in determining the ratio in which the several states shall be entitled to share in the fund, the area of any public lands therein.

We strongly favor the increased use of the motor vehicle in the transportation of the mails.

MERCHANT MARINE.

We desire to congratulate the American people on the revival of our merchant marine. It was under a democratic administration that this was accomplished. We pledge the policy of the party to the continued growth of our merchant marine under proper legislation.

PORT FACILITIES.

We pledge our party to stand for equality of shipping rates, both import and export for the ports of the country to the end that there might be adequate and fair facilities and rates for the mobilization of the products of the country offered for shipment.

INLAND WATERWAYS.

We call attention to the failure of the republican national convention to recognize in any way the rapid development of barge transportation on our inland waterways. And we pledge ourselves to the further development of adequate transportation facilities on our rivers and to the further improvement of our inland waterways and we recognize the importance of connecting the great lakes with the sea by way of the Mississippi river and its tributaries as well as by the St. Lawrence river. We favor an enterprising foreign trade policy with all nations.

Our present facilities for distribution by rail are inadequate and the promotion of transportation by water is imperative.

We therefore favor a liberal and comprehensive policy for the development and utilization of our harbors and interior waterways.

FOOD CONTROL.

We commend the democratic congress for the passage of the food control act of March 1, 1917.

We favor the extension of this policy to other food control problems.

RECLAMATION OF ARID LAND.

We favor ample appropriations for the continuation and extension of the reclamation of arid lands.

THE TRADE COMMISSION

The Democratic party heartily endorses the creation and work of the federal trade commission in establishing a fair field for competitive business.

LIVESTOCK MARKETS

For the purpose of insuring just and fair treatment in the great interstate livestock market we favor the enactment of legislation for the supervision of such markets by the national government.

MEXICO

The U. S. is the neighbor and friend of the nations of the three Americas.

The administration, remembering always that Mexico is an independent nation, has been unwilling either to profit by the misfortunes of Mexico or to enfeeble their future by imposing from the outside a rule upon their temporarily distracted councils. As a consequence, order is gradually reappearing in Mexico; at no time in many years have American lives and interests been so safe as they now are.

When the new government of Mexico shall have given ample proof of its ability permanently to maintain law and order, signified its willingness to meet its international obligations, that government should receive our recognition and systematic assistance. Until these proper expectations have been met Mexico must realize the propriety of a policy that asserts the right of the U. S. to demand full protection for its citizens.

PETROLEUM

The democratic party recognizes

the importance of acquisition by Americans of additional sources of supply of petroleum and other minerals. We urge such action, legislative and executive as may secure to American citizens the same rights in the acquisition of mining rights in foreign countries as are enjoyed by the citizens or subjects of any other nation.

NEW NATIONS

The democratic party expresses its active sympathy with the people of China, Czechoslovakia, Finland, Poland, Persia and others who have recently established representative government and who are striving to develop the institutions of true democracy.

IRELAND

The great principle of national self-determination has received constant reiteration as one of the chief objectives for which this country entered the war and victory established this principle.

Within the limitations of international comity and usage, this country repeats the several previous expressions of the sympathy of the democratic party of the United States for the aspirations of Ireland for self-government.

ARMENIA

We express our deep sympathy for the unfortunate people of Armenia and we believe that our government, consistent with its constitution and principles, should render every possible and proper aid to them in their efforts to establish and maintain a government of their own.

PHILIPPINES

We favor the granting of independence without unnecessary delay to the 10,500,000 inhabitants of the Philippine islands.

HAWAII

We favor a liberal policy of homesteading public lands in Hawaii to promote a larger middle class citizen population with equal rights to all citizens.

PORTO RICO

We favor granting to the people of Porto Rico the traditional territorial form of government, with a view to ultimate statehood.

ALASKA

We commend the Democratic administration for inaugurating a new policy as to Alaska as evidenced by the construction of the Alaska railroad and opening of the coal and oil fields.

We declare for the modification of the existing coal land law to promote development without disturbing the features intended to prevent monopoly.

For such changes in the policy of forestry control as will permit the immediate initiation of the paper pulp industry.

ASIATIC IMMIGRANTS

The policy of the U. S. with reference to the non-admission of Asiatic immigrants is a true expression of the judgment of our people and to the several states whose geographic situation or internal conditions make this policy and the enforcement of the laws enacted pursuant thereto of particular concern we pledge our support.

FREE SPEECH AND PRESS

We resent the unfounded reproaches directed against the Democratic administration for alleged interference with the freedom of the press and freedom of speech.

We reaffirm our respect for the great principles of free speech and a free press but assert as an indisputable proposition that they afford no toleration of enemy propaganda or the advocacy of the overthrow of the government of the state or nation by violence.

REPUBLICAN CORRUPTION.

The shocking disclosure of the lavish use of money by aspirants for republican nomination for the highest office in the gift of the people has created a painful impression throughout the country. Viewed in connection with the recent conviction of a republican senator from the state of Michigan for the criminal transgression of the law limiting expenditures on behalf of a candidate for the U. S. senate it indicates the reentry under republican auspices of money as an influential factor in elections. We deplore those delinquencies and invoke their stern popular rebuke, pledging our earnest efforts to a strengthening of the present statutes against corrupt practices and their rigorous enforcement.

We remind the people that it was only by the return of a republican senator in Michigan who is now under conviction and sentence for the criminal misuse of money in his election that the present organization of the senate with a republican majority was made possible.

CONCLUSION

Believing that we have the democratic faith and resting our claims to the confidence of the people not on grandiose promises, but upon the solid performances of our party we submit our record to the nation's consideration and ask that the pledges of this platform be appraised in the light of that record.

Verkhoyansk, in northeastern Siberia, with a mean temperature of two degrees, is the coldest spot on the eastern hemisphere.

Hardly ever does a woman's voice prevent her from believing that she can sing.

LIGHT SHELL ON FRAMEWORK OF ALUMINUM AND STEEL IS LIPTON'S YACHT WHICH HOPES TO WREST U. S. CUP

The picture of the Shamrock IV under full rig was taken while she was being tuned up for the cup races in 1914. It was not released then, as her builders wanted to keep some facts of her construction secret. This photo has just been obtained for publication for the first time. The upper photo shows the hull of the challenge yacht being overhauled at City Island shipyards, New York city, this spring.

Millions of American folk, whatever their sport bobby may be, will be watching the result of the races to be staged this summer for America's yachting trophy, although they are not familiar with the yachting sport or the technique of yacht building or sailing. The fact that an American boat is racing the best craft that European builders have produced to defend the trophy will be enough for these folk. Sir Thomas Lipton, persistent seeker of the cup, will send the "Shamrock IV," his fourth boat, against the speedy craft America chooses. The "Vanitie" and "The Resolute," both built for the honor, will race

it out to see which one tackles the Shamrock. These pictures, one of them a rare photo of the "Shamrock IV," show the kind of boat Lipton has built. The framework of the boat is of steel and aluminum. Instead of the usual timbers or frames running crosswise of the boat, on which the hull is built, the Shamrock IV has steel and aluminum frames running from bow to stern. The wooden shell is built on this frail frame. The deck of the boat is so thin that it springs when walked upon.

ADVENTISTS QUOTE MILITARY MAN TO SHOW FUTILITY OF WARS

Sir Henry Wilson Declared Peace Brought 20 New Wars; School Heads Attend Camp Meeting

Quoting Field Marshal Sir Henry Wilson, the British officer, in a recent speech to a club of army officers in London in which he said, "It is contended that when we went into the war it was to end war forever, but the armistice was scarcely arranged Nov. 11, 1918, when 20 wars broke out, and there seems to be no end of war at the present time," the Rev. A. E. Serns, pastor of the Tabernacle at Battle Creek, Mich., delivered a stirring discourse at the Seventh Day Adventist camp-ground last night.

Mr. Serns made an earnest appeal to the people to read and study the holy scriptures, especially the prophecies, in order that they might become thoroughly acquainted with the divinely constructed compass which, he said, points unerringly to the outcome of events now tossed upon the sea of life.

Prominent among the recent arrivals at the camp is that of Eld. J. H. McEachern of Buenos Aires, South America, the secretary of the General Conference for the South American continent. The subject of education was given careful consideration at the camp yesterday.

Pres. Frederic Griggs of Emmanuel Missionary college, Berrien Springs, Mich., together with Eld. A. F. French, dean of the Bible department, told of the work being done at the college.

Prof. B. H. Phipps rendered a report of what is being done at Bethel academy, Arpin, Wis. Mrs. Augusta Jorgensen, educational secretary for the conference, gave an account of the splendid work being done in the nineteen parochial schools operated by the churches of the conference.

The speakers said that true education consists not only in training the mental faculties, but also in teaching the students to perform

useful labor, and it was emphasized that an education of the heart and the spiritual nature is the most important of all.

Connected with the schools at Bethel, Wis., and at Berrien Springs, Mich., are large farms that are not only a financial benefit to the schools, but also enable men and women to partially earn their way.

Emmanuel Missionary college is the leading college patronized by the denomination in the Lake Union conference. It is now enjoying great prosperity. Ninety-one per cent of the students who enter this college engage in some phase of gospel work. It now has a library of 95,000 volumes.

About 3,000, or more than one-half of all the ministers and gospel workers in the denomination, are laboring in foreign fields, and 80 per cent of all these missionaries received their training in Christian schools. One thousand of the young people from these schools engage in some line of gospel work each year. It is the aim of the leaders to enlist every young person in the denomination in some line of Christian work.

Prof. N. P. Nielsen, superintendent of the Danish-Norwegian department for North America and formerly president of the Danish-Norwegian seminary at Hutchinson, Minn., presented a report of the work done at that institution. Seventy-nine of its students are now engaged in gospel work, and it is planned to send large numbers of its students to labor in Europe.

ASPIRES TO LIVE IN WHITE HOUSE

Mrs. Edward I. Edwards, wife of New Jersey's governor, aspires to live in the White House at Washington for four years, beginning March 4 next. The "wet" element in the Democratic party hopes to secure Edwards' nomination at the San Francisco convention.

VERMONT TO CALL SESSION ON SUFFRAGE

Gov. Clement Announces Decision After Talk With Harding

CONFERENCE IN WASHINGTON

Harding Declares He Would Be Glad to See Vermont Ratify

WASHINGTON, D. C.—Gov. Clement of Vermont, after a conference here Thursday night with Sen. Harding, indicated that he would immediately call the Vermont legislature in special session to act on the federal suffrage amendment.

The Vermont governor, while not stating definitely his course in the suffrage matter, was quoted in a statement from Senator Harding's office as saying that he "frankly confessed there was a preponderance of republican advice in favor of a special session being called to consider ratification."

Sen. Harding had the following to say:

"It gave me an opportunity to say to Gov. Clement that I was deeply interested in the final disposition of the question of ratification and I told the governor frankly that if my advice was wanted I would be glad to see Vermont republicans close up the great franchise reform. The women throughout the nation are deeply interested in the national campaign and the ratification must be closed soon if they are universally to participate in the federal election. I would be a gratified, of course, to have republicans Vermont close the gap but Gov. Clement understands I was not trespassing on his authority in giving him such an opinion in the course of our conference."

Clement in Statement. "I have been calling on Senator Harding and we discussed the state of the union agreeably; you can be sure and we discussed suffrage ratification by Vermont," said Gov. Clement. "Our state republican convention asked me to call the extra session."

Sentiment in Florida. Sentiment favoring a special session of the Florida legislature to ratify the suffrage amendment is indicated by replies of legislators to a test poll now being taken by the national women's party. The responses show that the calling of a special session in Tennessee is influencing the Florida legislators in their desire to be on record for woman suffrage.

Birds cannot open the foot when the leg is bent; that is the reason they do not fall off their perches when asleep. If you watch a hen walking, you will notice that it closes its toes as it raises the foot and opens them when it touches the ground.

AGED CITIZEN DEAD. MARINETTE—Mrs. Julia Schultz, aged 70, died at the hospital here. She was the mother of 24 children, only nine of whom survive. There were three sets of twins. The father died about four years ago.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.—Adv.

LONG STANDING TROUBLES ENDED SAYS MRS. SMITH

St. Paul Woman Declares She Can Do Her Housework With Ease Since Taking Tanlac

"When I bought my first bottle of Tanlac I couldn't even do my housework but today I'm enjoying the best of health and can do everything about the house with perfect ease," declared Mrs. Olga Smith, residing at 794 Payne Avenue, St. Paul, Minn.

"For years," said Mrs. Smith, "my appetite was so poor that I didn't care for food of any kind, and ate little more than enough to keep body and soul together. Every time I did eat a bite I had a dreadful burning sensation in my stomach and chest which worried me terribly. I had an awful headache nearly all the time and would become so dizzy I could hardly see. My nerves were all upset, and at night I was so restless I could scarcely sleep. Very often drowsy weak spells came over me, and I was just simply miserable.

"It's certainly lucky for me that I read about Tanlac, for although I haven't finished my fourth bottle yet, I'm feeling fine and my digestion seems to be in perfect condition. My nerves have quieted down, and I never suffer from headache or dizziness. I have regained my strength and can do all my work with as much ease as I ever could. Since Tanlac has done so much for me, I understand why so many people praise it."

Tanlac is sold in Madison by the Luckey Pharmacies, and in Mazomanie by Geo. A. Shields, in Mt. Horeb by C. C. Robertson, in Cambridge by Ole Bilstad, and by the leading druggists in every town.—Adv.

Mrs. T. D. Culver and Mrs. Harry Jaquish, Center ave., are visiting in Platteville, their former home.

Miss Genevieve Spahn of East Dubuque is a guest of the Misses Grace and Alice Nichols, Schiller court.

Mr. and Mrs. Martin Peterson and son, Maurice, expect to start on a

take place Tuesday at 9 o'clock in St. Bernard's church, Atwood ave. Rev. George Loughney performing the ceremony. The bride, wearing a white georgette, will wear a tulle veil, banded with orange blossoms, and is to carry an arm bouquet of bride's roses and swansonia. Her attendant, Miss Adelaide Mayson, will wear pink organdy and carry pink roses and daisies. Catharine Hassmann is to be flower girl, and the groom, who is employed in the office of the Kipp corporation, will be attended by his brother, Wilbur Gannon. The bride recently attended the university. She is now a guest of her sister, Mrs. Olaf A. Anderson, Lakeland ave., at whose home the wedding breakfast will be served. Mr. and Mrs. Gannon will spend a week in Mason City, and the remainder of the summer in camp across Lake Monona. Among the guests at the wedding will be Mrs. A. W. Streetor of Mason City, mother of the bride; her brother, Frank Thomas of Peoria, Ill., and sister, Miss Clara of Mason City, and Miss Gladys Bowldy of Peoria.

The marriage of Miss Helen A. Meyer, daughter of Mr. and Mrs. John J. Meyer, University ave., and Harvey E. Hilsenhoff will take place Wednesday morning at St. James rectory, Rev. Joseph Koester performing the ceremony. Mr. and Mrs. Edward Hasspell will attend the couple. Following the ceremony a wedding luncheon is to be served at the Meyer home. Mr. and Mrs. Hilsenhoff will be at home after Aug. 1 at 1550 University ave. Mr. Hilsenhoff is one of the firm of A. M. and H. E. Hilsenhoff, Monroe st.

Mr. and Mrs. Oscar A. Winrich, W. Milfin st., leave Saturday for Randolph where they will spend the week-end at the home of Mr. and Mrs. Peter T. Reak.

Mrs. Ralph Kemp of Frankford, Ind., daughter of Mr. and Mrs. W. S. Heddies, Langdon st., was honored at bridge Thursday afternoon at the home of Mrs. N. D. Bassett.

Prof. B. H. Scholomowitz of Milwaukee, Joseph Machlis of Huron, S. D., Sam E. Gross of Burlington, Ia., and Sam A. Machlis of this city, who has been attending summer school in Chicago, arrive in Madison Saturday to be house guests of Mr. and Mrs. O. Machlis, Mount st.

The marriage of Miss Nellie Thompson of Mason City, Ia., and Raymond Gannon, son of Mrs. Thomas Gannon, St. Paul ave., will

Alexander Komhauser Company

For Saturday--A Sale of Georgette Blouses \$4.98 to \$7.98 \$7.50 to \$12.50 Values

Smart blouses in sheerest georgette in styles and colors desirable for summer wear. Many are wool and silk embroidered val and filet lace trimmed, tucked and frilled. Remarkable values and low priced.

City In Brief

Convention Here—A large number of organizations and universities will be represented at the first annual meeting of the National Academy of Visual Instruction to be held at the university July 14-16. State universities that will have representatives here are Iowa, Florida, Minnesota, Montana, Missouri, Utah, and organizations from many other states will send delegates.

Leaves \$7,500—Mathias Meier of Sun Prairie, who died May 13, left an estate of \$7,500, of which \$4,000 was in real property. The will was admitted to probate yesterday. Nine sons, one daughter and his widow survive.

New Corporations—Articles of incorporation were filed yesterday as follows: A. B. Leaf Tobacco Co., Menomonie, \$50,000; Cloverland Pulp & Paper Co., Green Bay, \$125,000 plus 1,250 shares of non-par stock; North Milwaukee Motor Car Co., North Milwaukee, \$10,000; Ferndale Dairy Co., Marinette, \$5,000; Globe Real Estate Co., Milwaukee, \$101,000; George H. Williams, Milwaukee, \$25,000.

Heads French Club—Miss Edith Hanna, Kansas City, has been chosen president of the French circle of the summer session, and E. G. Atkins, an instructor, secretary-treasurer. Some 50 advanced students were present at the meeting held last night in Lachrop hall. A special observance of Bastille day will be observed in about 2 weeks.

Raise Price of Milk—The Kennedy Dairy Co. raised the price of milk from 12 to 13 cents a quart Thursday and from 6 to 7 cents a pint. Fourteen cents a quart is charged if cash is not paid.

U. W. Piers Crowded—Women students at the university have been asked by Dean Nardin to use the Park street pier for swimming between three weeks' auto trip Monday, going to northern Michigan by way of Grand Rapids and Detroit.

Miss Joyce Paisley, Williamson st., is in Oregon visiting the Misses Florence and Frances Tipple.

Mrs. E. A. Bredeson and two children, Merry st., have returned from a visit at Marinette and Menominee, Mich.

The Misses Edna Huffman, Evelyn Nelson, Helen Johnson and the Messrs. Oscar Wilson and Percy Blood have returned from Racine where they went as delegates from Plymouth church to the state convention of Christian Endeavors.

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in every package.

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double Beauty of the Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quart of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.—Adv.

man and Prof. Edgar B. Gordon will lead the singing.
It is a regular custom to hold the Vesper service on the upper campus during the Summer Session. This meeting, however, is expected to be an unusually large one and great pains have been taken to secure an excellent speaker.

Lumpkin to Speak
Rev. H. H. Lumpkin, D. D., will be the speaker Sunday night. Rev. Lumpkin is a man of wide experience, having spent considerable time as a missionary in Alaska. For five years he was rector of the St. Matthews church at Fairbanks. The church and his residence were both made of logs. Rev. Lumpkin has also spent considerable time on the trail, preaching and giving help to the Indians and Eskimos, and in the mining camps. These expeditions were made with dog teams and often resulted in trying experiences. Because of his faithful service in the far north, he was chosen honorary member of the Pioneers of Alaska.

Offer Plans
Rev. Edw. W. Blakeman has been chosen chairman of the program committee and will be assisted by Fern Constance, John G. Baker. The instrumental music will be in charge of Mrs. Geo. N. Qualley, formerly organist and choir director in Rockford, Illinois. Frank Kuehl, business manager of the 1921 Badger, will have charge of the publicity. John A. Potts has been chosen chairman of arrangements and will also have charge of the ushering.

Leo H. Kohl, president of the Campus Religious Council of the

University of Wisconsin, was chosen chairman of the summer vesper services. Sunday evening vesper services will be held on the upper campus from July 4th to August 1st inclusive. During the summer session, students come to the university who frequently are unable to attend during the fall and winter months. The Sunday evening vespers have proved very popular in past years and the outlook for this year is very promising. On July 11th Rev. A. J. Soldan will be the speaker of the evening.

LA FOLLETTE IN
LEAD ON POLL

Committee of 48 in Favor of the Senator; Senator Johnson Second

NEW YORK—Senator La Follette is the choice for president of 3,182 of 6,534 persons who have answered the questionnaire sent out by the committee of 48 to 3,000 voters on its rolls.
Senator Hiram W. Johnson stands second with 1,338, and Hoover third with 700 votes.
Others mentioned are, in the order of preference: Gov. Lynn J. Frazier, Frank P. Walsh, Frederic C. Howe, Amos Pinchot and William J. Bryan.

REGULAR PLAN

Minstrels and Vodvil Alternating; Haresfoot and Joint Play Get Trip

A permanent dramatic program for student productions has been adopted by the faculty. The plan which originated in the sub-committee on oratory and debates was decided upon as a means of preventing conflicts in the arrangement of plays.

Under the present plan Union Vodvil and the Engineers' Minstrels come in alternate years. This is a change in the old system under which the Minstrels alternated with the Circus and Vodvil was staged every year.

Road Trips
Haresfoot and the Joint Production are allowed to go on the road. This will be an innovation in that it will permit both men and women to make the trips with the Joint Production. The Joint Production which is staged by Edwin Booth, Red Domino, and Twelfth Night, has been a regular event since 1908 when "Trelawney of the Wells" was staged by Edwin Booth and Red Domino.

In 1901 Haresfoot made its first trip with "A Colonial Girl," playing in Fond du Lac, Oshkosh, Appleton, Green Bay, La Crosse, and Winona. Since that time the club has been permitted to go on every year.

Women Included
Permission for women to go on tour with student plays and events was granted last summer, but during the past year the dancing trips were the only ones made.

The Serfs of India are the descendants of the pre-Aryan race which inhabited the land prior to the Aryan conquest.

Share in the new party movement

READERS of La Follette's Weekly are invited to attend the National Convention of The Committee of Forty-Eight to be held in Chicago on July 10, 12 and 13 to form a new political party.
To give the announcement of this convention the widest possible publicity it will be necessary to take paid advertising space in the newspapers. The majority of the press is either hostile to our movement or studiously indifferent in its editorial and news columns. So we are asking you who believe in democ-

racy to help put the message of The Committee of Forty-Eight before the American people. Text of the advertisement that will appear in a selected list of newspapers covering the 48 states, as quickly as funds are available for advertising cost, appears below. Read it now. If you want such a message to reach the majority of your fellow citizens, fill out the blank in the corner and mail it to us today with a check that represents your conviction that the time is here for a political movement that will restore to us our constitutional rights.

To Americans Ready for a New Party

YOU are invited to attend the National Convention of the Committee of Forty-Eight at Chicago, July 10th, 12th and 13th, to form a new political party.

It will be a national party representing the needs and hopes of average American men and women. It will conduct an aggressive campaign against both the reactionary old parties and in support of a constructive program of economic, social and political progress. Such a party must be put in the field in the coming election.

For we are witnessing a silent and ominous revolution in our national life. We have seen the tillers of our soil so discouraged by tenancy, speculation and the increasing exactions of a swarm of middlemen that hundreds of thousands of them are leaving the farms or curtailing production to a degree that menaces our nation's supply of food.

Prices are mounting while millions of pounds of food are held in storage or cast into the sea in order that still higher prices may be exacted.

We have seen our railroads wrecked by mismanagement and irresponsible financiers and then, after the government had stepped in to repair their injuries and decay, returned to the private management that had despoiled and ruined them, and on terms which arbitrarily guaranteed fixed dividends on watered stocks and bonds, making inevitable a still higher tax on consumption.

We are witnessing the effort to fix a legal status for labor, denying it the right to strike for higher wages, at the same time that profits are legally guaranteed to capital.

This is the underlying cause of the strikes that have increased until all industry is a battlefield of hatred and destruction, and the country is literally going to pieces with factional strife. This system has turned the "New Freedom" into an "Old Slavery" that has changed nothing but its color and its name.

Our money-lenders are seeking to drag us into countless international imbroglios of concessions and investment, the effect of which will be to bind us by secret diplomacy to hazardous agreements entirely alien to our na-

tional traditions and desires. This system has so corrupted large sections of our press that the ability to read is fast becoming an impediment to the acquisition of truth. And to crown all, it has desecrated the flag by using it to cover a multitude of sins; and in the name of patriotism has attempted to fasten upon us a degrading economic and political slavery.

Autocracy is a thing abhorrent to us, to any man who has known even the memories of American freedom. We fought it overseas and helped to whip it. We will not yield to it here on our own soil and in our own homes.

Who will lead us in reorganizing and re-asserting the American will to independence? It has become clearer with every sun that the old parties cannot do it; that they are but rival lackeys to great monopolies; that they are bankrupt of democratic purposes and have made their peace with a treasonable reaction. No matter which of these two parties wins, the people lose; no matter which of them captures office, it will be to do the bidding of the interests that filled its campaign coffers and paid for its publicity.

The time has come for lovers of the real America to organize themselves anew, to inaugurate another such period of resolute construction as four generations ago raised Jefferson and the once American Democratic party to power, and two generations since raised to power Lincoln and the once American Republican party. Once again constitutional liberties, and representative government are threatened and the call goes out for a new political party to restore to America constitutional rights through which the government shall be made responsible to the will of the people.

MATERNITY

AS THE HOURS PASS
THE COMING OF BABY
DRAWS NEARER—
ARE YOU PREPARED?

It is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.

No one can be in doubt that the months which precede birth are of vast importance for the future of the child. It is therefore necessary that the expectant mother prepare herself. Mother's Friend gives comfort to expectant mothers by softening and making elastic the muscles during the anxious months before maternity.

THREE GENERATIONS

Of mothers record the virtue of Mother's Friend for not only allaying distress in advance, but for assisting nature in assuring a speedy recovery for the mother. It renders the abdominal muscles pliant as they readily yield to nature's demand for expansion. As a result, the nerves should not be drawn upon with that peculiar wrenching strain.

SULLIVAN NOT GUILTY, PLEA

Man Charged With \$2,500
Theft Arraigned in
Court.

William M. Sullivan, 3 South Beacon st., who was arraigned in superior court on the charge of grand larceny this morning, following a raid on his home and small adjoining shop yesterday afternoon, pleaded not guilty, and was remanded to the custody of the sheriff until he can raise the \$3,500 bail requested by Judge Hopmann. His case was continued to July 13. Sullivan's booty ranged from automobiles to matches, including three Ford cars, seven boxes of soap, 24 pairs of shoes, cans of molasses, three dozen brooms, 3 copy-holding attachments for typewriters, wrapping papers, a quantity of heavy canvas and a number of auto parts. One of the Fords, believed to have been stolen, was identified as the car of Max Walsh of the Sanderson Realty Co., taken in Oct., 1917. The license plates and engine numbers of all three cars had been removed and pains taken to cover up every distinctive feature.

William Sinaiko, who owns a general store at 520 S. Park st., and Frank J. Ross, owner of an automobile repair shop at 512 S. Park st., claimed most of the other articles, as recently stolen from them. The total amounts of the alleged thefts is estimated at about \$2,000.

TO DRAW JURY IN CONGOLESI CASE

A jury of six men will be drawn for the trial of Frank Congolese and his wife, who are charged with the sale of intoxicating liquor. The case will be heard Saturday morning in superior court.

BELGIUM DOESN'T WANT SUFFRAGE

BRUSSELS—A bill granting suffrage to the women of Belgium was defeated, 89 to 74, in the chamber of deputies here today.

NAME "BAYER" ON GENUINE ASPIRIN

Take without fear as told
in each "Bayer" package

"Bayer Tablets of Aspirin" marked with the safety "Bayer Cross" is the genuine Aspirin, proved safe by millions and prescribed by physicians for over eighteen years. In each "Bayer" package are safe and proper directions for Neuralgia, Colds, Headache, Toothache, Rheumatism, Lumbago, Neuritis, and for Pain generally. Handy tin boxes containing twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monaceticacidester of Salicylic acid.—Adv.

LAWRENCE COLLEGE IN CONTRACT SUIT

Judgment of \$8,500 on a land contract is asked by the trustees of Lawrence College, Appleton, from Lasse Bothun of Rutland, according to a complaint filed in circuit court here Friday.

STORK BUSY AT GENERAL HOSPITAL

Mr. Stork had a fairly heavy load again for the general hospital on Thursday, but as the weather was somewhat cooler he didn't object so strenuously. He left two boys, one for Mr. and Mrs. John Moore, 23 N. Mills st., one for Mr. and Mrs. Hans Perite, 1623 Campbell st.; and a daughter for Mr. and Mrs. H. B. Erdman, 414 W. Doty st.

On July 15, the Bradley Memorial hospital will begin a new line of work. Twenty-five crippled children, all orthopedic cases, are to be brought here from the Sparta home for dependent children. They are to be cared for under the direction of Dr. F. Gaensler of the Memorial and the county hospitals of Milwaukee.

Plans are progressing rapidly for the group of buildings which will go to make up the university's hospital. The group will count about fifteen acres, the ground extending from Orchard street to the university high school, and from Linden to University avenue. The nurses' home will be located north of Linden.

According to the present plans the hospital will accommodate about four hundred patients, and will treat practically all cases, including medical, surgical, obstetrical, psychiatric, orthopedic, and those of the ear, eye, nose and throat. The hospital will be completed in time for those starting the five years' nurses' course to complete their work here.

Students who have been unable to obtain a copy of the 1921 Badger may get them at the Badger office in the Union building. They may be secured either by presentation of coupons or cash. Orders, with money, \$4.25 may also be left at Dean Goodnight's office in South hall. As the supply is limited, Business Manager Frank W. Kuehl urges immediate call, as none will be reserved. The office will be open from 5 to 5:30 p. m. daily until the supply is exhausted.

FINED FOR SPEEDING—J. Klotz, aged 17, was fined \$10 and costs in superior court this morning after having pleaded guilty to speeding.

To Build Garage—Phil Kuehne was granted permission to build a frame garage, estimated value \$150, at 1146 Venier st., this morning.

Germany's present potash production is greater than before the war.

After you eat—always use EATONIC

—one or two tablets—eat like candy. Instantly relieves Heartburn, Bloating, Gassy Feeling. Stops indigestion, food souring, repeating, headache and the many miseries caused by Acid-Stomach. EATONIC is the best remedy, it takes the harmful acids and gases right out of the body and, of course, you get well. Tens of thousands wonderfully benefited. Guaranteed to satisfy or money refunded by your own druggist. Cost a trifle. Please try it!

HERE'S ROUTE TRAVELED BY SENTINEL TRUCK EXPEDITION

TRUCK MARKS MILESTONE IN STATE PROGRESS, DECLARES GOV. PHILIPP

Members of Milwaukee Expedition Are Entertained at
Banquet in Capitol; Leave Today
for Janesville

With a farewell salute from the one-pound cannon which they are carrying, the Milwaukee Sentinel truck expedition pulled out of Madison this morning, starting on the last lap of its tour of the state. The truck train went from here to Janesville, and will return to Milwaukee tomorrow.

Speeches, music and a banquet featured the stay of the expedition in Madison yesterday. Gov. Philipp, Mayor Kittelson, Frank A. Cannon, secretary of the Good Roads association; Dean H. L. Russell, college of agriculture; George J. Weigle, head of the dairy and food commission; W. C. Cargill, Milwaukee newspaper man, and William Reeco spoke at the banquet held last night in the Capitol cafe.

The progress of Wisconsin, marked by innovations in labor-saving devices, was traced by Gov. Philipp. "Our railroad system has practically broken down," he said. "In a short time we will be forced to rely upon the trucks. They offer what the railroad cannot. With a good system of roads, motor transportation can be maintained which will not only be more prompt but more economical."

"When some one invents a tractor that will do its work on the

farm without an attendant, that will blow its whistle when it needs water or gas, and that will answer the dinner bell at noon and put itself in its shed at night—then will I say that the inventive genius of America has gone the limit."

Major H. C. Frazier of the Goodrich Tire Co., Milwaukee, declared that the farmer of today is a better business man than any one-horse city dealer on whom you will spend weeks to close a sale, and that last year 84 per cent of the farmers who bought machines paid cash for them.

Dean Russell spoke only long enough to mention that Gov. Philipp, in creating his Utopian farm life, had neglected to mention that "there will come a time when someone will invent a substitute for gasoline," and that this fluid "might be alcohol."

Toastmaster Cannon next introduced C. P. Norgord, commissioner of agriculture, who emphasized the benefit derived and the impetus given the state fair by such "co-operation and progressive spirit as shown by the truck dealers here tonight."

George J. Weigle, head of the dairy and food commission, spoke of the dairy industry of Wisconsin to show the possibilities of the truck.

Wants Order Set Aside—The Gem Hammock & Fly Net Co. and the Standard Oil Co. have filed a complaint against the Great Lakes Malleable Co. and the Chicago & North-western railroad and the railroad commission, asking a judgment setting aside and vacating the order and findings of the commission on March 31, 1920, and asking that the Great Lakes Malleable Co. be adjudged to have no right of com-

demination over certain premises owned by the plaintiff.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up. Get a small jar from any good druggist and use it like cold cream.—Adv.

ESSERS MEET EDGERTON IN GAME SUNDAY

Local Tri-County Club Battles League Leaders—Play Waterloo July 5

BY PAUL A. HOLMES.
The Essers meet team of the Tri-County league will cross bats with the Edgerton league leaders in a game which will probably determine the ultimate chances of the Madison team to capture the pennant on the Edgerton diamond Sunday, July 5.

The Essers are strongly fortified for the contest, and the same lineup which defeated Middleton a week ago will take the field against Edgerton. "Scoop" Hoven has been practicing hard all week in an effort to get his arm back into condition, and with Hoven in form, the locals look for little difficulty from the first place aggregation.

Play July 5.
A special game has been arranged for July 5 as part of the independence day celebration at Waterloo. The Essers will meet the Waterloo team at 10 a. m. The game will not count in the Tri-County schedule as it is not a regular contest. Edgerton is also billed to play Lake Mills at 2:30. The two ball games have been arranged by the committee in charge of the celebration, which is promising one of the liveliest July Fours in the history of the town.

Other games in the regular Tri-County schedule for Sunday will be played as usual, and while most of the teams will also play July 5, these contests have not been sanctioned by the league.

Close Games Expected.
Cambridge will travel to Sun Prairie to play a game, the winning of which will lift the Cambridge nine into the first division. The Waterloo nine will play at Lake Mills in a scrap over seventh place, and the loser will be relegated to the cellar. Middleton will endeavor to defeat Mt. Horeb, which is tied with Edgerton for the league leadership with six games won to one lost. The standings of the club:

	Won	Lost	Pct.
Edgerton	6	1	.857
Mt. Horeb	1	5	.167
Madison	2	4	.333
Sun Prairie	3	4	.429
Middleton	3	4	.429
Cambridge	2	5	.286
Waterloo	2	5	.286
Lake Mills	1	5	.167

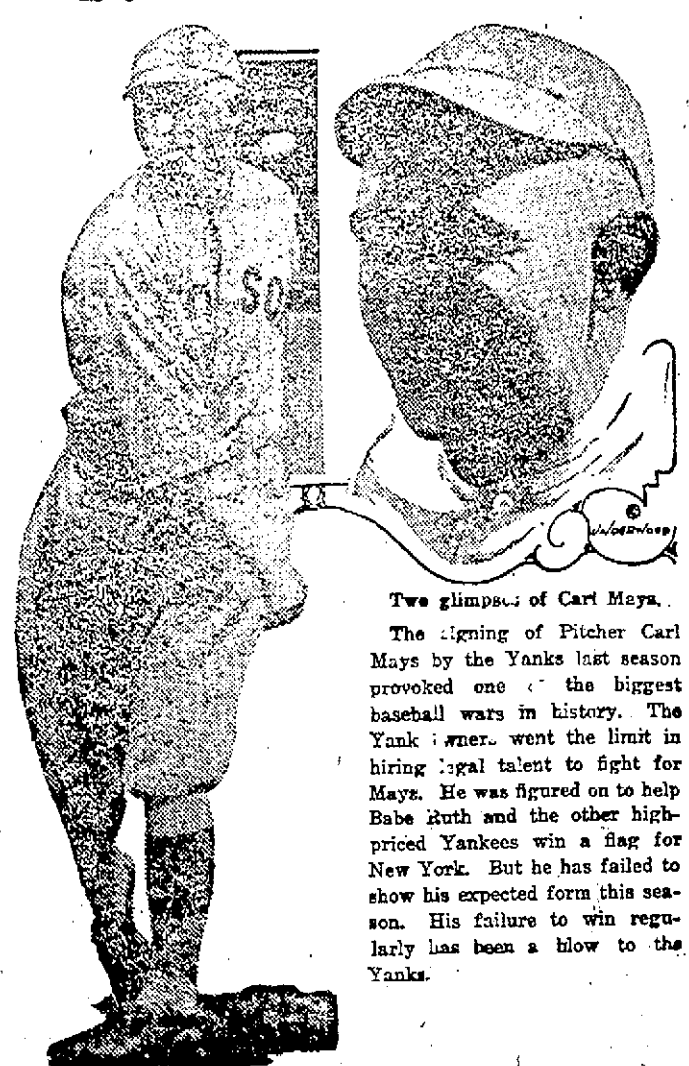

LOCAL GUN CLUB ARRANGES SHOOT

Two teams will be chosen from the membership of the Madison Gun club at the regular practice shoot Sunday afternoon to compete Monday afternoon in a special team shoot which has been arranged for that time.

A. A. Mayers and C. C. Doring have been chosen to captain the two teams, and the final details of the shoot will be worked out by the two men at the Sunday practice. Ten trophies will be awarded by the club to the 10 high men.

COLUMBUS GIRL WEDS
COLUMBUS—Alyce Lee Wright, daughter of Dr. and Mrs. L. A. Wright, Columbus, and Miss Marie Kautsky, Colby, were married at the University chapel, Madison, by the University chaplain, the Rev. Mr. Blackman. The bridegroom is identified with a trust company of New York city. The bride was a member of the Wausau high school faculty the past year. The couple will reside in New York.

PITCHER YANKS FOUGHT MONTHS TO GET IS ONE OF SEASON'S FIZZLES TO DATE

Two glimpses of Carl Mays.

The signing of Pitcher Carl Mays by the Yanks last season provoked one of the biggest baseball wars in history. The Yank owner went the limit in hiring legal talent to fight for Mays. He was figured on to help Babe Ruth and the other high-priced Yankees win a flag for New York. But he has failed to show his expected form this season. His failure to win regularly has been a blow to the Yanks.

WILLIAMS AND GARLAND BEAT U. S. CHAMPIONS

American Doubles Champs Lose Match at Wimbledon to 2nd U. S. Net Team

WIMBLEDON, England.—A real surprise was furnished at the tennis court on Thursday, for William M. Johnston, the American champion, and William T. Tilden, the finalist in the British singles championship, were beaten in the doubles by Charles S. Garland and R. Norris Williams. The feature of the play was Garland's fine exhibition. He had never played such a fine all around game, and many of the English crowd declared they did not dream he had such wonderful stuff in him. Williams soundly backed up Garland throughout the gruelling five sets. Garland's forehand driving was particularly effective. On the other hand Johnston apparently has been unable to reach anything like form on the center court.

The score at the end stood 4-6, 6-4, 6-2, 4-6, 6-2. In behalf of Tilden it can be said that his knee was most troublesome.

Tilden on Thursday night is receiving expert attention, and is confident he will be in condition for the challenge round of the singles against Gerald L. Patterson, the title holder on Saturday.

A match not less interesting to the spectators was that in the lady's singles—Susanne Lenglen, the phenomenal French title holder, and Mrs. Lambert Chambers of England, the former champion, whom Mademoiselle Lenglen defeated in a close contest last year. On Thursday the French girl repeated her victory.

Walter Johnson Hurls First No-Hit Game of His Career; Alex Wins For Cubs, 1 to 0

White Sox Split With Browns; Robins Trim Giants; Yanks Lead American League

WALTER JOHNSON attained the pinnacle of his big league ambition yesterday, and did something he never did before, even when he was in his greatest form. He pitched a no hit game that has been pitched in the major leagues this season and bids fair to be the only one. The year 1920 is one in which players have hit the ball harder than in any other year and Johnson's feat is especially noteworthy for this reason. The hard slugging Boston Red Sox were his victims. The mighty Walter struck ten of them out, and permitted not a single man to reach first base by the base on balls route. An error let one man reach first base, but he did there. It was a perfect game judged from pitching standpoints, and by far the greatest exhibition of the pitching art Johnson has ever given. Washington scored in the seventh and the final score was 1 to 0.

Alexander the Great proved his greatness yesterday by duplicating the feat of Jim Vaughn, performed Wednesday. That is he pitched and won a 1 to 0 game. The one run came in the first inning, just as it did in Vaughn's game. The champion Reds were the victims, and while they hit Alexander rather freely, the Cub pitcher was strong wherever danger threatened. Hollocher was the batting star with a triple and a double, and his triple accounted for the only run of the game. League game the Bruins beat five hits, and both teams exhibited spectacular fielding.

The American league pennant was untied by the champion Chicago White Sox before the first game of the double header between the Sox and the Browns yesterday, and Eddie Cicotte proceeded to go in and defeat the St. Louis team 3 to 2 in eleven innings. Murphy pinched for Cicotte in the eleventh and his hit scored J. Collins with the winning run. Keri was defeated, 4 to 1, in the second game. The four runs came in the first inning, and the Sox were helpless against the offerings of Bayne and scored only in the seventh. The day was "Schalk" day at Comiskey park, and the veteran catcher was presented with a chest of silverware.

The Dodgers made it three straight from the New York Giants yesterday when Rube Marquard handed them an 8 to 1 beating. The Robins batted Benton from the box in the first inning, and scored at will off Winters, who succeeded him.

Four runs by Pittsburgh in the first of the tenth gave the Pirates a 6 to 2 victory over the Cards. The Corsairs bunched four hits with a walk and an error to put over the winning tallies.

The New York Yankees went in to the lead in the American league race yesterday by defeating the Mackmen 9 to 5, while the Indians were idle. It was the first time this year that the Yanks have occupied the pinnacle position. Shore was effective against Philadelphia. The margin by which the Yanks led is a slight one, as they have a percentage of .6617 to Cleveland's .6615.

After growing for 10 years, the Japanese cypress, one of the smallest specimens of the horticultural world, reaches the size of a golf ball.

THREE GAMES SCHEDULED IN CITY LEAGUE

Industrial Teams Will Play Full Schedule Saturday; Hot Tilts Expected

GAMES TOMORROW.
At French Battery park—Double header. First game, 1:45, Burgess Battery vs. French Battery; second game, 3:15, C. & N. W. vs. Fuller & Johnson. Sam Berry, umpire. At Tenney park—Gisholt vs. Scanlan-Morris—3. Art Rasmussen, umpire.

Sparks are expected to fly when the French Battery and Burgess Battery boys come in contact tomorrow afternoon. The Burgess boys are determined to shake their jinx and get started by taking a fall out of the leaders. Fuller & Johnson has a score to settle with the roundhouse boys and is going to switch them on a side track.

The Gisholt and Scanlan-Morris teams will clash for the second time. In the last game there were so many scores and extra innings that most of the fans were late to their suppers.

The standings of the club are:

	Won	Lost	Pct.
French Battery	6	0	1.000
Gisholt	5	1	.833
C. & N. W.	3	3	.500
Scanlan-Morris	3	3	.500
F. & J.	1	5	.167
Burgess Battery	0	6	.000

SHAMROCK GETS NEW TOP MAST

New Rig in Place on Challenger Will Permit Great Spread of Canvas

SANDYHOOK, N. J.—The new topmast rig devised by Designer Charles E. Nicholson has been set on the Shamrock IV, which is now giving some indication of the great spread of canvas she will carry aloft when she sails forth in two weeks to try to life the America's cup defended by Resolute.

It is to all appearances the Marconi rig used on the 23-meter trial horse, but Designer Nicholson seems to have avoided collision with the rule against employing the Maffioni rig by the way he has placed his top mast blocks.

The wind off Sandy Hook was light in the early afternoon and

both yachts rode at anchor while a crowd of workmen busied themselves about the challenger's upper rigging. The Shamrock IV on Thursday afternoon was given a short spin under her new racing rig. All sails set much better during the brief trip on Thursday, and Sir Thomas Lipton said he was highly pleased with the tryout.

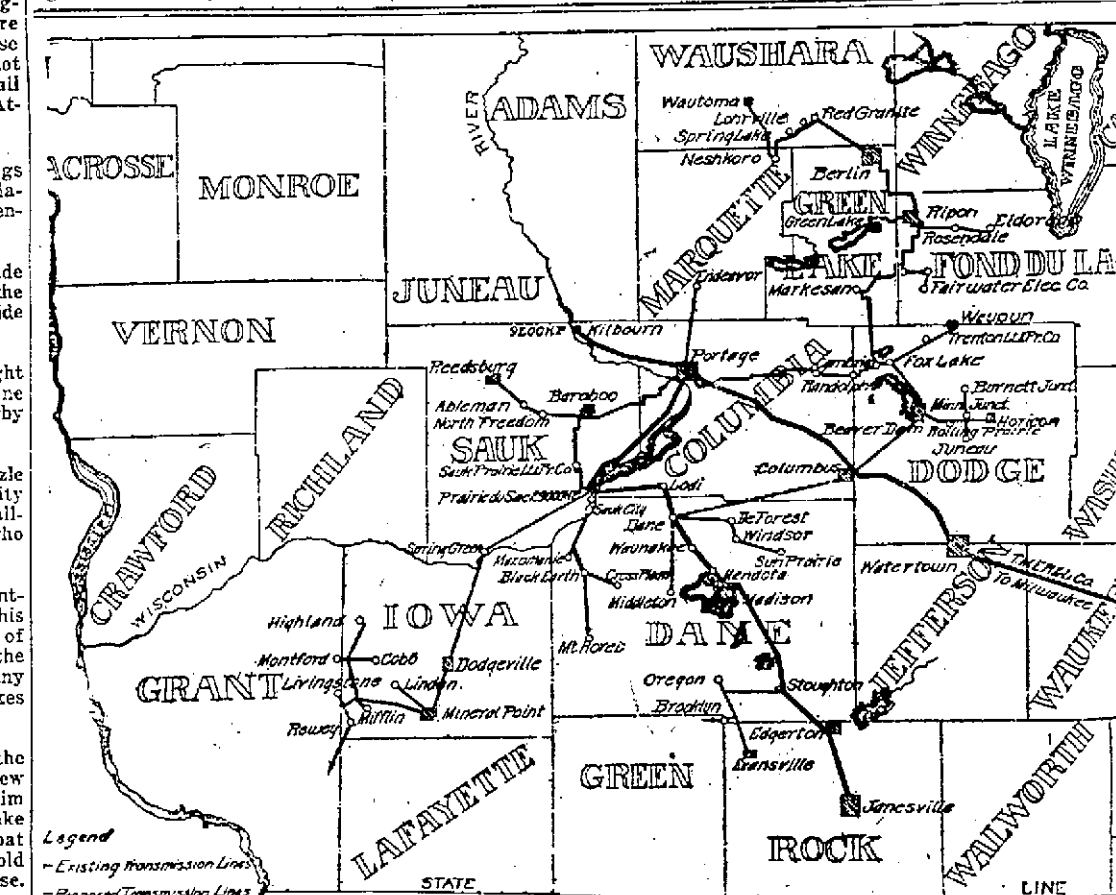

SOLDIER BARTFIELD IS OUTPOINTED BY NEW MIDDLE CHAMP

NEWARK, N. J.—Johnny Wilson, middleweight boxing champion, defeated Soldier Bartfield of New York on points in a hard fought bout of twelve rounds here Thursday night. Wilson excelled in eight of the

twelve rounds. Bartfield had the better of the second, seventh and twelfth rounds while the third was even.

Both men received hard body punishment. Wilson used his left effectively to Bartfield's stomach, but the soldier took his punishment gamely. Bartfield excelled in the fighting but the champion shook him off and scored lefts to the head and stomach. Bartfield was fighting hard at the bell in the last round. Wilson weighed in at 157½ pounds and Bartfield at 149½. The start of the bout was delayed until nearly midnight by the reported attempt of the management to reduce Wilson's guarantee from \$7,500 to \$5,000. An amicable adjustment was made before the men entered the ring.

TERRITORY SUPPLIED WITH ELECTRIC POWER FROM THE KILBOURN AND PRAIRIE DU SAC WATER POWER PLANTS

7 PER CENT FROM A SAFE HOME INVESTMENT

The Wisconsin River Power Company, from its hydro-electric plant (the largest in Southern Wisconsin) on the Wisconsin River at Prairie du Sac, supplies the above territory with a very large part of its electrical energy. This energy is supplied to Milwaukee, Madison, Janesville, and some 35 other communities. Your town is one of these or probably hopes to be one in the future.

The fact that this Company supplies this admitted necessity to such a large and prosperous part of this State makes the purchase of its 7% CUMULATIVE PREFERRED STOCK an unusually safe investment.

A request to either of the addresses below will bring a prompt reply with full details, or a representative will call to fully explain this offer.

PRICE—\$100.00—PER SHARE

Mr. Leonard W. Gay, 14 N. Carroll St., Madison, Wis.

FINAL LIBERTY BONDS.
NEW YORK—3 1/2 % 101 1/2; first 48 1/2; victory 43 1/2 @ 44 1/2.

GLASS STARTS TO READ THE PLATFORM

Continued.

cheered while the standards of Tennessee, Florida and North Carolina were carried to the speaker's stand. There was a disagreement over both the New Jersey and Louisiana standards but after a little shoving and tussling both of them were carried out of place and put with others in front.

Mrs. John Sherwin Crosby of New York got the Louisiana standard started forward over the protest of some of the Louisiana delegates but after she had carried it a little way a man took it and put it into place with the big assemblage around the platform.

A parade in which practically all the standards joined was organized when the demonstration had been going for five minutes. The marchers tramped around the hall to the tune of "There'll Be a Hot Time in the Old Town Tonight" and then the organ dropped into "Smiles" and most of those on the floor took up the words of the song.

It was a 13 minute demonstration when it had concluded. When order had been restored, Senator Glass again took up the reading. There was some more hurrahing a few minutes later when Senator Glass at the end of the long list of things the party proposed to do for women, said in another aside to those near the platform: "If we have omitted anything, we mean that too."

Tobacco Market In Wisconsin

WISCONSIN TOBACCO MARKET. EDGERTON, Wis.—It now looks as if tobacco planting will be nearly finished before the Fourth of July. The estimate of the size of the Wisconsin acreage this year made a month ago is practically correct. There are no official reports available covering this point, but unofficial estimates made by experienced observers agree that the acreage will be about the same as last year. The favorable weather conditions for the rapid development of plant beds, and the general encouragement coming to the growers through the fact that practically all of that year's crop was brought in good season, and added to this, the general strength of the tobacco leaf market may have combined to slightly increase the acreage in certain sections. With seasonable weather from this time on, the acreage planted, it would not be surprising if the amount of the tobacco harvest this fall would yield a larger number of pounds than the crop of last year. But in this matter there is many a slip between the cup and the lip. Though it is not overstating the situation to say that it is some years since the tobacco stand in Wisconsin found itself in a more favorable incipient state than is the case this year. In no section is the crop suffering on account of weather conditions. Good rains in places where it was needed this week furnished enough moisture to push the late plantings especially. The warehouse work is drawing to its close, though some of the heaviest buyers may still be going for another week or so. Thirty-five carloads of boxes were shipped out from this market during the month of June.

NEW YORK MARKET

NEW YORK—The Water Street forecasters who maintained that the second inscription of Sumatra tobacco suitable to the American trade would show an advance in price over that of the first inscription can triumphantly say "I told you so." American buyers took 3,000 additional boxes of Sumatra at the second inscription in Amsterdam. This brings the total of American type wrappers of the 1919 American type for the American market to nearly 15,000 boxes, or, in other words, nearly 75 per cent of the available supply. The market is being gone over by importers for old stock, the high prices of the new impelling them to stock up of the old as quickly as possible. The buying of the Cuban crop of Remedios and Capaduras is reported brisk at prices ranging high; Remedios bringing over 50 cents, and first Capaduras reaching, perhaps, a dollar and over in the Cuban market. Reports, which are not considered absolutely reliable, are circulated in Havana to the effect that 50 per cent of the 1920 crop of those types has already been bought. American importers are in the field and the competition is keen. The chief interest in the domestic field is centered on the outlook for acreage in the different tobacco areas. The universal opinion that prices of domestic leaf will stay up is an incentive to keep up the acreage, and the reports from nearly every section of the country indicate that the growers are doing their utmost to produce a large crop this season. Early Christians abolished veneration of New Year's day as a religious festival because of its pagan associations. In an Ohio town the women have organized a secret society for the swapping of secrets. The hamlet of Brunselle, later the city of Brussels, originated as a swamp village in the seventh century.

CARD OF THANKS

We wish to extend our thanks to the many friends for their kindness and assistance shown in our late bereavement.

Mrs. Emil Zwerg and Family.

Miss Ellen McAdoo and her little sister Mary Faith.

Despite their father's apparent disinclination to run for the presidency, these little daughters of William G. McAdoo still have a chance to live in the White House after next March, when observers say should they have this good fortune the place will not seem strange to them, as they have already visited there. President Wilson is their grandfather.
